Coronavirus COVID-19

The DIAA continues to closely monitor COVID-19 and is taking proactive measures to mitigate the impact of the virus. When it comes to decision-making, our commitment is this: protect the health and safety of interscholastic student athletes.

COVID-19

Regulation 1011 - Guidelines for DIAA Interscholastic Athletics during COVID-19

- Approved DPH face coverings must be worn at all times
- All coaches, support staff, student athletes, and officials shall complete the COVID-19 pre-screening questionnaire before any athletic activities
- Follow member school protocol for if any COVID symptoms are reported.

COVID-19

Regulation 1011 - Guidelines for DIAA Interscholastic Athletics during COVID-19

- Players and/or coaches should be spaced at least 6” apart when not actively playing on the field
- 1 hand sanitizer station - per every 15 student athletes.
- Scrimmages count as a contest and cannot occur before the competition date.
- Coaches and staff should have their face covering on at all times and should not be taken down to coach/yell
- Students shall bring their own water bottles and they shall not share water bottles whatsoever. Hydration stations/communal water jugs are prohibited.

Mask Guidance

Face coverings should be two layers that fit tightly around the mouth and nose without gaps.

Student-athletes, Coaches, Officials:

- Face coverings with valves are prohibited.
- 2 layer gaiters that fit tightly around the mouth and nose without gaps are permitted
- Loose Neck buffs, polyester masks, bandana's and mesh shall not be worn for officials or student athletes per DPH guidelines.
- Officials - may wear a whistle mask or use a face covering and an electronic whistle. Either combo is fine.

Face Coverings - Reminders

- It's the responsibility of the coach and member school to make sure DPH approved face coverings are worn properly by the team and coaching staff.
- Communicate your guidelines in a clear manner to students and parents.
- Coaches must wear face coverings at all times while coaching.

Mandatory Mask Break

- The stoppage is for students and officials to get a mask break, sanitize, and get water due to the high cardiovascular nature of the sport.
- Coaches are able to provide instruction during mask breaks; however, they should be mindful of the purpose of the break.
- Social distancing should be maintained at all times during mask breaks, time outs and half time.
- Officials should observe the mask breaks just like other stoppages of play while using the mask break to de-mask and maintain social distancing.
- *Officials should NOT be enforcing any COVID related
 - protocol - that is the member school's responsibility

Sports Medicine Advisory Committee

Reminders for a Healthy and Safe Season

- Coaches remind players to wear a mask outside of practice/game situations
- Limit the risk of spread of COVID-19 and game cancellations
- Games should be played at least 48-72 hours apart.
- Student athletes and coaches shall be at least six feet apart from one another **at all times during non-playing times**, including arranging alternate seating, so student athletes are not clustered together on bleachers and benches.
